WHAT CHRISTMAS SEALS DO

In 1944 Inez Wolcott was a happy high school student in the Jacksonville High school. In the course of that year a tuberculin skin testing survey was conducted in this school. Among other positive reactors, Inez had an X-ray examination of her lungs at Oaklawn Sanatorium clinic. A slight disturbance was discovered in one area adjacent to one lung. It was not sufficient to declare it to be tuberculosis, so she was permitted to go on with her school work, but Dr. W. C. Reineking, superintendent of Oaklawn, instructed her to report for a re-examination in one year, and told her that such an annual examination should be made for several years to come. The fact that she was a positive reactor to tuberculin made this imperative, for the protection of her future health as it showed that at some time in her childhood, some tubercle bacilli had gotten into her lung.

Inez was a sensible girl, so, at the close of the year, she again visited the clinic for an X-ray examination of her chest. Nothing more serious was found than appeared at the first examination, but again the doctor advised her to report at the close of another year. She did. Again at this time nothing was found. However, Dr. Reineking told her that the danger of tuberculosis was not over and advised her to continue the follow up examinations, which she did.

Finally, about two months ago, the X-ray examination showed a moderate sized, but definite lesion of tuberculosis in one lung, quite curable if treated promptly. Inez, who had married in the meantime and acquired a family of two fine children, immediately entered Oaklawn Sanatorium, where her recovery is practically assured and her stay need not be very long.

Had not this tuberculin testing program been conducted in the schools, had there not been adequate X-ray facilities at the sanatorium, with sufficient X-ray films available for such an early discovery of tuberculosis, Inez's trouble would probably not have been discovered in its early stages. The warning she received at the several clinic conferences and the education on the need of alertness in matters of health resulted in the early discovery of the tuberculosis which has now developed in frank form in her lungs. Her prompt entrance into the sanatorium when her active, but early, trouble was disclosed will lead to a perfect recovery and an early return to her husband and children. Contrast with this what would have happened if the facilities for early diagnosis had not been developed, —a stay of several years in the sanatorium with advanced tuberculosis, separation from the loved ones in her home, and the possibility of ultimate failure to recover. Also the danger of infecting the family.

The purchase of Christmas tuberculosis seals by the citizens of Morgan County, conducted by the Tuberculosis and Health League, made possible the clinic service and provided the X-ray films that prevented a tragedy in this young woman's life and in the lives of her family. It also prevented the spread of the disease to others in the community.

This is not an isolated case. There have been a number of such instances. There will be more in the future. Fortunate will be the community if these can be dealt with in the same way with the same gratifying outcome. It can be thus, if the citizens of this county will continue to support the Christmas seal sale, and the clinics and X-ray service it supports.

(Editor's Note: The name Inez Wolcott used in this actual case history is fictitious.)

Big Crowd Hears Famed 'Cellist In Brilliant Concert

"I want the whole world to love the 'cello," said Gregor Piatigorsky, world-famous 'cellist who appeared in concert Friday evening under the auspices of the MacMurray Concert-Lecture Bureau.

That part of the world represented by the large audience gathered to

hear him certainly showed that it did love the 'cello, and especially when it is played by such a master as Piatigorsky. His technique is so all-encompassing that his listeners are perfectly unaware of it; all they can think of is the glorious music he brings them. Only when it is over can they begin to analyze the glory of his tone, the exquisite molding of every phrase, the ease and spontaneity and vibrant quality of his playing.

The program opened with the Sonata in C major by Boccherini. A stately Sarabande and a gay and familiar Gavotte from the Suite in C major by Bach followed, played by the cello alone.

Third came an almost unknown Sonata for 'cello and piano by Chopin in G minor, Op. 65.

In the last group Mr. Piatigorsky showed his consummate mastery of various styles. Ralph Berkowitz provided finished

accompaniments and showed himself completely in rapport with the soloist.

Morgan Co. Citizens Make Contributions To Christmas Fund

Contributions to the Nichols Foundation totaled \$96 during the past week. This amount was contributed by 16 Morgan county residents.

The Journal Courier is again collecting money to be added to the principal of the original Nichols Foundation which was established 25 years ago by the late Samuel W. Nichols.

When established, the fund of \$2,500 returned approximately \$150 per year which was used to purchase Christmas gifts for needy children of this community who attend grade schools. With lower interest rates the fund is not returning sufficient money to care for the 300 or more children who have received gifts during the past 25 years.

The fund has been built to \$5,000, but only returns about \$100 which is not sufficient to care for the needs at the present time. All money contributed to the fund is placed in the principal. Only the interest will be used at Christmas time. The names of all those making contributions to the fund are made a permanent record of the foundation, which is administered by a local bank.

The following persons have contributed to the fund this year:

Louis Elkins.
Otto H. Niemann.
Mrs. Everett Reynolds.
Mr. and Mrs. J. W. Johnson.

tember. The Sewer Department, however, will continue to operate under the direct control of the Department of Public Health and Safety of the city council.

A report was made to the council that 17,046 feet of sewer has been laid recently under the new improvement and extension program. A balance of 3,061 feet of sewer laying remains to be completed.

A new sewer tax will be collected beginning January 1, in conjunction with the regular bills for use of city water. Under the rate ordinance a minimum of 75 cents per month will

be paid by everyone whose property is connected with the city sewer system.

Mail Christmas Gifts Now, Plea Of Post Office

Officials at the Jacksonville post office said Saturday that although Christmas is still three weeks away, holiday packages are already showing up in the mail. They urged that residents of the Jacksonville area do their out-of-state mailing at once, and certainly not later than Dec. 10.

"The volume of mail is running heavy now," Philip Day, assistant postmaster, stated when asked about the Christmas season business. "It will become heavier within a short time. We are urging people to do their Christmas mailing now."

Mr. Day said the post office department advises mailing Christmas mail to distant points in the United States not later than Dec. 10. Local mail should be moved early rather than held up until the last minute.

"We know from experience that there is always a Christmas rush," Mr. Day explained. "The public can cooperate by getting busy now. Don't hold back Christmas packages—mail them!"

Tax Deputies To Give Assistance In Filing Returns

Deputies of the Collector of Internal Revenue will be located at the Jacksonville post office from Jan. 3 through Jan. 14 to assist farmers filing their 1948 income tax returns or estimated tax returns. Office hours will be from 8 a.m. to 5 p.m.

A farmer is any person whose gross income from farming is 66 2/3 or more of his total gross income.

Income tax deputies also will be located at the Jacksonville post office March 1 through March 15, to assist the public in making out returns.

V. Y. Dallman, collector of Internal Revenue in the Eighth district, announced Saturday that any taxpayer who filed an Estimated Income Tax Return may pay his final installment on or before January 17, 1949, inasmuch as January 15 falls on Saturday, a non-work day, and file his final return on or before March 15, 1949; or he may file his final return in lieu of the last installment of his Estimated Tax Return on or before January 17, 1949.

To expedite this work and render the maximum service to the public, all taxpayers desiring assistance with their returns are urged to itemize and summarize their incomes, expenses, and other data necessary to prepare their returns.

The revised Form W-2, for the year 1948, is to be used as a Withholding Tax Statement only, and cannot be used as an individual income tax return. It must be attached to the Income Tax Return for the year 1948. Wage earners who received less than \$5000.00 during 1948 and received less than \$100.00 from interest, dividends, and wages not subject to withholding Tax may use Employee's Optional Income Tax Return, Form 1040A.

Individuals who received \$100.00 or more gross income from sources other than wages subject to withholding are required to file on Form 1040. To assure any benefits of the split-income provisions, a married couple should file a joint Income Tax Return. A joint return on Form 1040A never results in more tax than separate returns because the tax is computed by the Collector on the combined income or on the separate incomes, whichever results in the smaller tax or largest refund for the couple.

BROTHERHOOD TO MEET
The Congregational church Brotherhood will hold a supper meeting Friday evening at 6 o'clock at the church. Dr. Daniel S. Kerr of Illinois College will be the speaker.

AT HOSPITAL
Mrs. Sam Bailey, 1721 South Main street, is a patient at Passavant hospital.

First, it was Hydra-Matic Drive. Then, Futuramic styling. And now—the newest, latest forward step in Oldsmobile's Futuramic program—the Oldsmobile "Rocket"!

Yes, those rumors were true. Oldsmobile does have a brand new engine (a rugged, high-octane, valve-in-head eight). The "Rocket" Engine is based on entirely new engineering principles and built in the world's newest, most modern engine plant.

For the future, the "Rocket" opens up a whole new vista of high-compression efficiency. Even today, it's so Futuramic in performance—so amazingly smooth and quiet, so incredibly quick in response—that you've got to drive it to believe it! And you can do that soon, when your Oldsmobile dealer shows the new 1949 Oldsmobile. The car that brought you the New Look in Futuramic styling, now brings you "The New Thrill" in Futuramic driving!

HOW TO WASH AN ELECTRIC BLANKET

(Follow the simple directions you get with your electric blanket. But to show you how easy it is—briefly here is how it's done.)

1. Best day to wash is clear, mildly warm day with gentle breeze. Measure length and width of blanket and write it down. (As blanket dries, you'll stretch it to its full shape—but don't pin measuring tape to blanket).
2. Wash blanket in agitator-type washing machine—or by hand. Don't allow it to soak—never wash longer than two or three minutes. Wash it alone—never with other things.
3. Use lukewarm water—not more than 90 degrees Fahrenheit, and fill tub to proper water line. Dissolve three or four cups of mild soap flakes in one quart of very hot water—then pour into water in tub. Handle blanket gently—never permit snarling or twisting during the washing.
4. If you wash by hand, squeeze suds gently through the blanket—do not rub. When through, firmly squeeze out the soapy water. Start at one end and finish at other. Don't twist or wring, just squeeze. In a wringer, use the lowest pressure; fold several times so blanket is not as wide as wringer rolls—then let it go through easily, top binding first.
5. Rinse carefully in at least three lukewarm rinse waters. Dry outside, in shade. When dry, brush with soft brush and press the binding with a cool iron.

An electric blanket is so easy to wash!

If you've been wanting an electric blanket but have hesitated because you thought washing it might be a problem—hesitate no longer. Easiest way is to send it to a reliable laundry. But you can do it at home quickly and easily—by hand or in your electric washer. Read how in the next column: So don't put off the wonderful sleeping comfort of an electric blanket. SEE THEM AT YOUR APPLIANCE DEALER'S, DEPARTMENT STORE OR OUR NEAREST SALES FLOOR.

Waltz into Darkness

THE STORY: Down, the detective, tells Durand that Julia Russell's body was finally washed ashore, that there is evidence of murder. He is on the trail of a flaky blond he had heard about in Mobile. Durand, fearful only that Down will discover Bonny, finally manages to get away from him.

XXXII

ANOTHER hotel room, in another place. And yet the same. The hotel had a different name, that was all. The scene its windows looked out upon had a different name, that was all.

But they were the same two, in the same hotel room. The same two people, the same two run-arounds.

This, he realized, watching her broodingly, was what their life was going to be like from now on. Another hotel room, and then another, and still another. But always the same. Another town, and then another, and still another. Onward, and onward, and onward—to nowhere. Until some day they would come to their last hotel room, in their last town. And then—

A short life and an exciting one, she had toasted one night back in Mobile. She had it wrong. A short life and a dull one, she should have said. No pattern of security can ever be so wearisomely repetitious as the pattern of the refugee without a refuge. No monotony of law-abidance can ever compare to the monotony of crime. He had found that out by now.

They came to a halt in Pensacola, at last, for a little while, to catch their breaths. They had now followed the great, slow, curve the Gulf Coast makes as far as they could go along it, heading eastward, always eastward. By fits and starts, by frightened spurts and equally frightened stops, some long, some short, they'd followed their destiny blindly. New Orleans, then Biloxi, then Mobile, then Pensacola. With many a

little hidden-away place in between.

Now Pensacola. They couldn't go any farther than that, along their self-appointed trajectory, without leaving the littoral behind, and for some reason or other, probably fear of the unknown, they clung to the familiar coastline. From there the curve dropped sharply away, past the huddle of tin-roofed shacks that was Tampa, on down to the strange, other-language foreignness of Havana. And that would have meant cutting themselves off completely, exile irrevocable beyond power to return. (Returning ships were inspected, and they had no documents.) Nor did they want to cut inland and make for Atlanta, the next obvious step. She was afraid, for reasons of her own, of the North, and though that was not the North, it was a step toward it.

SO, Pensacola. They took a house in Pensacola. It was not for grandeur, not for style, not to feel "really" married, but for the sake of simple, elementary safety. "They spot you much easier in a hotel," she whispered, in their rain-beaten, one-night hotel. "They nose into your business quicker. People come and go more, all around you, carrying tales away with them and spreading them all around."

He nodded, bending to peer from under the lowered window shade, then starting back as a flash of lightning limned it intolerably bright.

They took the most remote, hidden, inconspicuous house they could find, on a drowsy, tree-lined street well out from the center of town. Other houses not too near, neighbors not too many; they put heavy lace curtains in the windows, to be safer still from prying eyes. They engaged a woman out of sheer compulsion, but

pared her presence to a minimum: only three days a week, and she must be gone by six, not sleep under their roof. They spoke guardedly in front of her, or not at all.

They were going to be very discreet, they were going to be very prudent this time.

THE first week or two, every time Bonny came or went from the house in daylight, she held her parasol tipped low as she stepped to or from the carriage, so that it shielded her face. And he, without that advantage of concealment, kept his head down all he could. So that, almost, he always seemed to be looking for something along the ground each time he entered or left.

And when a neighbor came to offer a courtesy call, as the custom was, laden with homemade jellies and the like, Bonny held voluble explanations that they were not settled yet and the house was not in order, as an excuse for not asking her in.

The woman went away, with affronted mien and taking her gifts back with her unrepresented, and when next they sighted her on the walk she made no salutation and looked the other way.

"You should not have done that," he cautioned, stepping out from where he had listened, as the frustrated visitor departed.

"There was no other way," she said. "If I had once admitted her, then others would have come, and I would have been expected to return their calls, and there would have been no end to it."

After that once, no others came. "They probably think we live together," she told him, once, jeeringly. "I always leave my left glove off, now, every time I go out, and hold my hand up high, to the parasol-stick, so that they cannot fail to see the wedding band." And punctuated it: "The filthy sows!"

Mr. and Mrs. Rogers had come to Pensacola. Mr. and Mrs. Rogers had taken a house in Pensacola. Mr. and Mrs. Rogers—from nowhere. On the way to—no one knows.

Werries Farm Bought By Heir

The Werries farm of 180 acres, six miles northwest of Jacksonville, was sold for \$151 an acre to Ernest Werries, one of the heirs, at a public auction Saturday morning at the court house. The farm belongs to the heirs of Henry Werries, deceased.

It is improved with a seven room house with furnace and electricity, garage, barn, cattle and hay shed, scale shed and scales. One hundred and 15 acres are tillable, and 65 acres are in pasture, including 10 acres of white oak timber.

Middendorf brothers were auctioneers. Wilson & Wright are attorneys for the heirs of the Werries estate.

Only a few Stradivari violins are in existence today, and their owners generally are well known.

Millermen Cop First Home Contest; Whip Blackburn 65 To 49

The Illinois College Blueboys, squelching the Beaver fast break on a perfect cage record for the Blackburn college five, and kept their own unscathed as they swept to an impressive 65 to 49 win over the Beaver quint on the ISD hardwood Saturday night.

At Miller's cagers had it all over the Carlinville outfit in height. Murrin, Gross and Longer rebounded at will against the short Blackburn crew. Only one man on their five measured six foot. The Beavers relied on speed, depending solely on a fast break to count their markers, while the Blueboy quint was satisfied to bring the ball down slowly and depend on play-making ability and superior rebounding to score.

Quint Break Even

Blackburn managed to stay on even terms with the Millermen for the first ten minutes of play. Bill Shouse, sharp shooting halfback, ward, started the game and stayed that way the entire first half. Don Longer kept the hilltop quintet in the ball game in the early stages of play with three quick buckets from far out on the floor. Gross and Murrin, so tallied with free throws and a ringer apiece to contribute to the IC cause and fight off a threatening Blackburn early rally.

The local five pulled away from the struggling Beaver team as the half progressed. Paul Lasley and Dave Billings were inserted into the fray, and came through with timely long shots to give Miller's charges a 37 to 26 lead at the intermission.

Shouse Starts Hitting

Bill Shouse suddenly found himself in the second period, and started hitting with his specialty: a long one-handed push shot. He counted 12 points in the last frame, and teamed with Murrin, tall hilltop center, to do most of the Blueboy scoring. Busche, Blackburn guard, pushed through a taller Blackburn center, but received very little help from his mates, as his efforts fell far short of the IC total.

The Blueboy mentor saw three of his starters again leave the game via the foul route in the waning seconds of play. Bill Gross was the first to quit the contest, taking a shower with seven minutes to go. He was followed by Murrin and finally Shouse, who committed his last foul with only a minute remaining in the battle.

Blueboys Score At Will

The Hilltoppers had things pretty much their own way throughout the conflict. They intermittently slowed the game down, and then suddenly would break out with a fast type of play that swept the shorter Blackburn five completely off their feet. However, for the greater part of the game the Miller five was content to take it easy, set up its plays, and rely on the big boys to tip in any shots that might fail to swish the net.

Miller used every man on his squad freely, but relied mainly on his starting five, Lasley and Billings carrying the load. Paul Lasley turned in a fine performance.

Heavyweights Vie For Title Match With Joe Louis

New York, Dec. 4.—(P)—Jot Louis' opponent for a June defense of his heavyweight title may pop in a series of heavyweight bouts to be staged in the next six days.

Dormant since Louis stiffened Jersey Joe Walcott and announced his "retirement," the heavyweights have been waiting for a big show at London Monday, a "name" scrap at Cleveland Tuesday and two major programs Friday.

Lee Savold, believed by many to have the inside track on the Louis shot, goes Monday in London against Bruce Woodcock, the British champ. Although Lee, the ex-barber, is underdog in England, many on this side of the pond expect him to score a knockout victory.

The gay Savold, who once never allowed business to come before pleasure, is taking things seriously now. Billy Daly, his manager, made the trip for the important scrap with a half promise of a date with the Brown Bomber.

Joe Baksi gets another chance at the big cash in a 15-rounder with Ezzard Charles at Madison Square Garden Friday. At various times Louis has made conflicting statements on his personal rating of Charles but he is on the record as saying he might meet the Charles-Baksi winner if he puts up a sensational fight. Joe also mentioned Savold as a possibility.

Baksi, down to about 215 pounds, is a dangerous big man with a stiff punch. He knocked out both Woodcock and Freddie Mills, won the light heavy champ of the world. Some regard Charles, the Cincinnati slugger, as too light for the heavyweights. He normally is a light heavyweight but has been mingling with the big boys for two years. He's lost only five of 65 pro fights. In 1948 he knocked out Walter Hafer, Elmer Ray and Archie Moore and decisioned Jimmy Bivins and Erv Sarlin, among others.

While Charles and Baksi are fighting in New York, Louis will be busy on the most important date of his long exhibition tour. The Bomber meets Billy Conn in an exhibition at Chicago Friday night, their third meeting. The first two, of course, were for keeps and both ended with Conn on the floor.

GRAIN PRICES SAG ON PROFIT-TAKING

Chicago, Dec. 4.—(P)—Grains ended with only minor practice changes today after showing a new burst of strength in early dealings. Profit-taking knocked prices down from their best levels in the last half of the session, although the undertone in wheat remained firm. Corn displayed an easier tone than the bread cereal. Soybeans were aided by reports of purchases of about 300,000 bushels by Holland and Belgium.

Wheat closed 1/2 to 1 cent higher. December \$2.42-1/2, corn was 1/4 lower to 1/2 higher. December \$1.43-1/4, oats were 1/4 lower to 1/2 higher, December 85c, rye was 1 cent higher, December \$1.82, soybeans were 1/2 to 3/4 higher, December \$2.31-1/4, and land was 1/2 to 3/4 cents a hundred pounds higher, December \$18.45.

Preliminary estimated receipts of grain in carslots here today: wheat 4, corn 301, oats 16, rye 5, barley 22 and soybeans 18.

Chicago Cash Grain

Chicago, Dec. 4.—(P)—No wheat. Corn: No. 2 yellow, 1.441; No. 3, 1.41-11; No. 4, 1.321-381; No. 5, 1.211-311; sample grade, 1.161-18. Oats: No. 1 heavy mixed, 89c; No. 1 heavy white, 89-90c. Rye: No. 1 heavy white, 89-90c. Timothy, 15.00-16.00; clover, 15.00-16.00; timothy, 16.50-17.50.

Dean Cochran, fast halfback of the Greenfield Tigers the past season, was elected captain of the 1949 team at the 28th annual football banquet. Cochran scored 30 points before the Carrollton game and he was one of the Ivy scoring leaders.

White Hall, Carrollton and Roodhouse are the strong teams entered in the 23rd annual Greene County tourney to be held at the Carrollton high gym the first four nights in February.

Dick Zimmermann, outstanding junior center for Pittsfield high, sank 13 points to lead his team in winning from Beardstown 45-40. Ronnie Milnes, high scoring forward for Coach Howard Berline's White Hall Maroons scored 31 points with the Mercedis Indians as the opposing team and he sank 15 charity tosses out of 18 attempts.

Sam Ballard led the Roodhouse Railroaders with 16 points in downing a good Eldred five at Roodhouse Tuesday night. Coach Campbell has five lettermen returning from his squad of last season and they won the Winchester tourney, second in the Winchester Regional and third in the Greene County meet.

Coach Clarence "Buzzy" Bradley of the Carrollton Hawks has scheduled a game with the Routt Rockets at Jerseyville for his Hawks to be played Feb. 23, it will be the last game for both clubs before entering the regional tourneys.

Jerseyville trailed Hardin 30-35 going into the final period and the E. V. Hult gang went on to win the non-conference affair, their first of the season. Jerseyville plays the strong Gillespie Miners Saturday night at Gillespie.

Indiana Defeats DePauw 61-48

Bloomington, Ind., Dec. 4.—(P)—Indiana University made liberal use of sophomores tonight in a 61-48 victory over DePauw University that opened the Hoosiers' basketball season.

Lou Watson, six-foot four-inch junior guard, topped the I.U. scoring with 19 points but Sophomore Bill Toshoff of Gery contributed five field goals. Bill Garrett of Shelbyville, another sophomore and first negro ever to play on the Indiana varsity, added three field goals and two free throws.

The slick-passing Indiana team held DePauw without a field goal for the first five and a half minutes. It held a 30-20 lead over DePauw's Tigers at the half and kept the advantage through the last period.

Wildcats Win Toss; Wear Purple

Pasadena, Calif., Dec. 3.—(P)—Northwestern's Wildcats won the first skirmish today in its coming Rose Bowl football battle with California.

Northwestern will wear purple jerseys in the game, and California will wear white instead of its familiar blue.

The issue arising from the similarity of two colors was decided in a coin flipping ceremony. Athletic director Ted Payson of Northwestern won the toss from Coach Lynn "Pappy" Waldorf of California.

Army Gives Grid Classic Football To Navy Team

Annapolis, Md., Dec. 4.—(P)—The navy is "very happy" to accept the football which Army won but decided the Middies earned in their 21-21 tie last Saturday.

"A very fine gesture," said Captain Pete Williams today. "We are surprised and very happy." Cadet Captain Bill Yeoman, Williams and Co-Captain Scott, person that he is sending the pikette to Annapolis. It will be put in a trophy case in MacDougal hall.

The Army won a coin toss in the final seconds of the game to decide which team would keep the ball. The letters explained the Army didn't feel entitled to it, saying: "after all, it was you who made the news Saturday, not us, and if there ever has been such a thing as a moral victory, you had one. It all comes down to one fact. We sincerely think you earned this one."

Boston Braves' Alvin Dark Named Rookie Of Year

New York, Dec. 4.—(P)—Alvin Dark, the Boston Braves' talented young shortstop, today was named rookie of the year for 1948 by the Baseball Writers Association.

The 25-year-old freshman who hit .324 for the pennant-winning Braves won by a comfortable margin. Dark received 27 of the 48 votes by the same writers' committees who selected the most valuable player in each major league.

Gene Bearden, southpaw pitching star of Cleveland's World Series triumph, was second. He polled eight votes. However, all balloting was done during the last week of the season and thus did not take into consideration World Series performances. In the regular season he won 17 and lost seven.

Richie Ashburn Third Bearden, of course, flashed brightest at the very end of the year. After defeating the Boston Red Sox in the tie playoff game to decide the pennant, he shut out the Braves in the third series game. Then he came back in a relief to save the day for Bob Lemon in the sixth game when the Tribe won the series.

Third honors went to Richie Ashburn, the Philadelphia Phil's' two-headed speedster. He had seven votes. Ashburn, a "sleeper" in the rookie crop was on the Toronto roster until a few days before the season opened. He justified Harry Walker, the 1947 National League batting champ, out of a job and hit .330, second only to Stan Musial, the champ.

Ashburn broke a bone in his hand in August and missed the last two months of the season. If it hadn't been for that he might have been even more outstanding. However, he was one of the real "finds" of the year, jumping from Class A to the Majors without trouble.

Brissie, Goodman Fourth Lou Brissie, Connie Mack's brilliant young leftfielder who has to wear a heavy protective brace on his leg as the result of a battle wound, tied for fourth place with Bill Goodman of the Boston Red Sox. Each had three votes.

Southern Cal Rocks Notre Dame As Irish Eke Out A 14-14 Tie

Los Angeles, Dec. 4.—(P)—Notre Dame's mighty Irish were held today to a 14-14 tie by Southern California's Trojans, and ten minutes after the game a real earthquake shook huge Memorial Coliseum.

Mother Nature's shuddering all but matched the rumbling of events in this vast concrete bowl as 100,571 people saw the unbeaten Notre Dames lucky to escape with a two touchdown deadlock in a 60-minute battle. The tie was gained in the final 30 seconds of this 20th renewal of the Irish-Troy series.

The stadium had just emptied itself of the howling mob, all on the verge of hysteria after seeing a winning touchdown and a tying touchdown scored in the final moments of the contest.

High on the rim of the stadium, the press box seemed to wait dizzily back and forth, the chalk white stripes on the field below seemingly—and perhaps they did—to move in a crazy, reverse review.

And the scoreboard showed: Notre Dame 14, USC 14.

Gone was Notre Dame's proud record of being unbeaten or untied in 22 games. This one snapped the Irish's consecutive win streak at 21. Saved, however, was their record of no defeats in 28 games. But that was thin syrup for a battle today that found Frank Leahy's green jerseyed giants forced to scramble for a tie.

FARMERS

Plan to visit the Corn Drying Demonstration this week end at the R. P. Wilson farm 1/2 mile east of Chapin on Route 104.

EVERYONE IS WELCOME

See the Peirson-Moore All-Purpose Crop Drier actually drying 3000 bushels of corn for safe storage. Peirson-Moore Driers are considered by many well known agricultural authorities and testing laboratories as America's finest, safest, most dependable line of driers. We have just been appointed their dealers in this community. Come in or phone us about the many big advantages of drying your corn, hay, small grains and seed regularly every year.

Many corn crops in this area are in serious danger due to excessive moisture. Test your corn today and see if you are in trouble. You can probably pay for your drier this fall by the savings you can make on your corn crop alone.

New Account Book To Be Discussed Here Wednesday

Morgan county farmers who are not keeping the new simplified farm account book sponsored by the College of Agriculture, University of Illinois, are invited to attend a meeting to be held in Farm Bureau hall at 1:30 p.m. Wednesday.

George Whitman of the agriculture economics department and former farm adviser in Adams county, will explain the procedure and advantages of keeping a complete record of income and expenditures.

Farm Adviser E. H. Garlich, in announcing the meeting, said "it will pay to attend this meeting if you are not keeping farm accounts. This book can be used for credit statements, income tax returns and for analyzing your farm business."

Those farmers who used the new book this year will summarize their accounts at a meeting to be held sometime in January, Mr. Garlich said.

All-Day Meeting Held By Ashland Ladies' Aid

Ashland—The Ladies Aid of the Christian church held an all-day meeting and potluck dinner Wednesday at the home of Mrs. Leta Hammack, with Mrs. Louise Quinley as assistant hostess. Twenty-five members and three guests were present.

The office was moved from White Hall to Jacksonville Friday. This city is much nearer the center of the work district, which includes Morgan, Scott, Greene, Cass, Menard, Sangamon, Logan and Jersey counties.

There are no soil districts organized in the last three counties, however. Soil conservation districts cannot be organized except by the direct action of the farmers in each county. The U.S. Conservation Service supplies technicians only upon the request of the landowners.

Miss Mary Ellen Pennell, district secretary, accompanied the office to Jacksonville. She will make her home here.

Mr. Whelan succeeded Arthur W. Kowitz, who accepted an assignment with the regional office in Milwaukee, Wis. The Whelan family lives at 123 West Chambers street.

A daughter, Estelle, attends junior high school; Michael is in the fourth grade at Franklin school.

All of Mr. Whelan's work has been in Iowa, where the farmers have accepted conservation agriculture more enthusiastically than their Illinois cousins.

He served in the navy for four and one-half years. Upon his discharge he took over the newly-organized district at Waterloo, Iowa, leaving there in October to accept his present assignment.

Chapin School Contest Judged By Miss Conner

Miss Esther Conner, children's librarian at the Jacksonville public library, was the judge at the Chapin grade school poster contest, a feature of Children's Book Week.

The posters of Dennis Griff and Melvin Engelbrecht, two of the 67 entries, were awarded the grand prizes.

Prizes were also given for the best poster of each grade. First prize winners include Karen Kay Teaters, Helen Bausier, Timm Timm, Romandell Zulauf, Dennis Grigg, Keith Taylor and Melvin Engelbrecht.

The following pupils received honorable mention: Ronald Pulling, Gloria Fisher, Emily Pulling, Jack Stovall, Carol Pulling, Louise Medlock, John Mattes and Lorraine Pahlman.

All poster entries were displayed at the Chapin grade school P.T.A. meeting.

Society Of Grace Chapel Meets At Brockhouse Home

The Grace Chapel W.S.C.S. held its December meeting at the home of Mrs. Hannah Brockhouse after enjoying a potluck dinner the meeting opened with group singing of "Silent Night." Ten members answered roll call.

Mrs. Frances Hynes had charge of devotions. She read St. Luke, chapter 2, verses 8 to 16. Mrs. C. A. Sullivan read an article on "The Changes Speak to American Methodism" and Mrs. Frances Owens read an article on "More Than Food."

The society voted to send a \$5 Christmas donation to the Cunningham Home. The Lord's Prayer repeated in unison closed the meeting.

After the business meeting, members and guests enjoyed a gift exchange. Guests were Mrs. Marie McGinnis, Mrs. Tom Parlier, Mrs. Bessie Bourn, Mrs. Kenneth Delaney and Rev. C. A. Sullivan.

The January meeting will be held at the home of Rev. and Mrs. C. A. Sullivan, 902 Doolin avenue.

SOIL OFFICE BROUGHT HERE

By the Journal Courier farm editor John T. Whelan is concerned about the soil and water resources of the eight counties in his district, but he isn't as worried as the Journal Courier camera depicts him.

He's the new district conservationist. The office was moved from White Hall to Jacksonville Friday. This city is much nearer the center of the work district, which includes Morgan, Scott, Greene, Cass, Menard, Sangamon, Logan and Jersey counties.

There are no soil districts organized in the last three counties, however. Soil conservation districts cannot be organized except by the direct action of the farmers in each county. The U.S. Conservation Service supplies technicians only upon the request of the landowners.

Miss Mary Ellen Pennell, district secretary, accompanied the office to Jacksonville. She will make her home here.

Mr. Whelan succeeded Arthur W. Kowitz, who accepted an assignment with the regional office in Milwaukee, Wis. The Whelan family lives at 123 West Chambers street.

A daughter, Estelle, attends junior high school; Michael is in the fourth grade at Franklin school.

All of Mr. Whelan's work has been in Iowa, where the farmers have accepted conservation agriculture more enthusiastically than their Illinois cousins.

He served in the navy for four and one-half years. Upon his discharge he took over the newly-organized district at Waterloo, Iowa, leaving there in October to accept his present assignment.

OLD WALL CLOCK JUST TICKS ALONG AFTER TWO FIRES

Jerseyville—The Gubser company now operating in its new location on East Pearl street in the B. F. Feyerabend building has an interesting item in the form of an old wall clock. The interesting fact about the old time piece, apart from its age, is the fact that it has survived two disastrous fires.

The clock recently went through the fire which burned out the interior of the Gubser Store in the Jersey theatre building. In spite of fire, heat and water, the old clock was calmly ticking away the time when the last blaze was quelled.

Ten years before the Gubser store was damaged by a fire which burned the adjacent Inman Building.
